

Brian Andrew

Serving Churches

By building your people and building bridges
into your community.

'After many years of proven and highly effective pastoral leadership and ministry, God has led Brian into a remarkable new season of fruitfulness.'

His book "I Grow in Grandad's Garden" and the sessions he conducts based on this, have brought acclaim from educators and health professionals, as well as the general community. Brian's knowledge and communication skills will provide you with a unique opportunity to engage and to touch your community as well as your church, with God's love and life changing Kingdom principles.'

Pastor Gary Swenson State Ministries Director ACC QLD/NT

'Brian is an engaging and passionate communicator of God's Truth. He has a deep love for God and an inspiring faith in the power of Christ to transform people's lives. Brian's stories and style enables him to relate to all generations. God has used his book, 'I grow in Grandad's Garden' to bring hope and healing to many families in our church and as an effective way to share the truth of God's Word with families throughout the community. Brian has been a blessing to our Church and I am confident that you would be blessed by his ministry.'

Jason Elsmore Senior Pastor Gateway Baptist Church

The book of Esther doesn't mention God, but His fingerprint is on every page. Brian has adopted this philosophy for his best selling, illustrated children's book, 'I Grow in Grandad's Garden.' (GDG) He has developed messages, which include artwork and photos from GDG along with scriptures, which highlight the values of Gratitude, Forgiveness, Courage and Generosity. He adapts this message for Christian and secular settings.

Become the **link church** in a city, town or region where Brian speaks in schools, service clubs and community organizations during the week and at your church on the weekend.

Brian's primary gifts include encouragement and evangelism. Through preaching, seminars and special events, Brian communicates effectively to all ages. Brian's presentations are spiritually enlightening, biblically based, compelling and creative, touching both heart and mind. They consistently provide a practical and immediate application.

More Unchurched in Church!

Around 50% of his speaking engagements take place in the secular arena. Every time he speaks outside a church setting people are deeply moved and want 'God talk' - he directs these 'seekers' to the link church.

When Brian speaks at a link church, he will **work with you to have unchurched guests** in attendance. He often builds a message around the 4 values of 'I Grow in Grandad's Garden.'

Brian arranges school and community engagements, media releases and book signings independently or in partnership with you.

Testimonials from Church Leaders

'We had Brian speak at our church for a full Sunday and the response was excellent. His style, content and obvious expertise with his subject matter had everyone engaged, challenged and encouraged. I highly recommend him as a speaker.' **Mark Elmendorp Senior Pastor Albany Hills Christian Church**

'When a person's ministry is their uncompromising life style, that person is worth listening too. Brian Andrew is such a man who's every breath and word is full of life, wisdom and joy. He captures that life and releases it brilliantly in his speaking, seminars and books. He and his ministry are an inspiration to all ages.' **Pastor/Dr Chas Gullo Senior Pastor Suncoast Christian Church**

'Brian is a skilled communicator who has the ability to connect with listeners in a church setting or business event. 'I grow in Granddad's Garden' is a powerful book, I was amazed at the impact a children's book had on the lives of so many; it is truly interwoven with principles you can base your life on.'

'The book that's more than a story'

'In I Grow in Granddad's Garden, Brian writes about deep truths in an understandable and child friendly way, which resonates with both children and adults alike. In a world of increasing childhood anxiety and depression, it is heartening to uncover a book that not only is delightful to read, but also gives children and their parents a tangible way of managing their feelings.
